

Question: #1

Can you confirm that these are the items referenced in the RFP?

Benign Theme - <https://creativemarket.com/fruitfulcode/19497-Benign-Agency-PSD-template>

VCTIA - <https://www.vcita.com/>

Membership Works - <https://membershipworks.com/>

Answer to #1

The links to Membership Works and vcita are the items referenced in the RFP.

I used the term “benign” loosely; meaning a nondescript page that would not have any effect on the website either way. The membership page used with the capejobs site would not have any logos or career center name to make it easier to transition to the new site. Once we go with the new site, the membership portal page should have our new name, logo and the design of the template that is provided.
